On Tuesday 28 th of November 2017, the GSB and the CPB went to Gallery ASOBIBA(ZA KÔENJI B2F) all the morning. They observed a fresco made by their friends of CPB when they were in GSB last year with the artist Rei Watanabe. They also looked at others works of this artist. They had the great chance to meet her during our visit! In class, we talked about the different types of calligraphy such as Japanese, Chinese and gothic calligraphies.
